Family membership: £208/month

The Weekday

All of the fun and games, as much as you like, Monday to Friday, every week of the year.

Family membership: £163/month

Getting started is simple, just sign up and pay the joining fee - this is a one time payment for the life of your membership and as long as you are renewing won't need to be paid again.

Next, choose the membership option that's best for you. Our Premier and Weekdays Only memberships may be paid annually in advance, or monthly by Direct Debit. (If you pay annually in advance we'll give you an extra 5 guest passes as a thankyou). The minimum membership term is 12 months and after this your membership will continue until you give us 1 months notice in writing.

Membership chosen, it's time to download our PD app. This lets you manage your membership, book into classes and events and set up your family tree. You can have up to two adults with the children in the club at any one time. Your family tree is really important, it's all of the grown ups who can come and go at the club with your children, whether it's your nanny, grandparents or other family member.

Ready to go

That's it, you're all set to jump in and paint and sculpt, jam with the band, move and boogie, cook up a storm, tell tales, burn

off steam, jump and roll and get creative, it's all included in your membership. Check out our adventures book to see all the activity options.

The only extras you pay for are food and drink (we have a delicious pantry stocked full of fresh, seasonal goodies, brilliant coffee, super juices and a really good prosecco) and classes run by external specialists like yoga, taekwondo, streetdance, zumba and ballet (the costs of these are set out in the book).

Finally please read our Small Print booklet as it contains useful and important information about your membership.

Guests

Guests are very welcome at the club, they just have to be pre-booked. You can do this with our reception team. Each guest pass allows you to bring a family of up to two adults and 3 children.
